INTERNATIONAL SEARCH REPORT

International application No.
PCT/CA2004/001935

Box No. II Observations where certain claims were found unsearchable (Continuation of item 2 of the first sheet)

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons :

7. ☐ Claim Nos. :
because they relate to subject matter not required to be searched by this Authority, namely :
8. ☐ Claim Nos. :
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically :
9. ☐ Claims Nos. :
because they are dependant claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a).

Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet)

This International Searching Authority found multiple inventions in this international application, as follows :

Group A: Claims 1 to 18, and 39 to 91 are directed to a framed panel unit and a method of forming the same wherein the unit comprises first and second spacers between a panel and first and second side walls.

Group B: Claims 19 to 38 are directed to a panel unit comprising a means of centering a panel unit within a channel.

Group C: Claims 92 to 94 are directed to a frame member comprising a sidewall having an elongated recess formed therein extending along a channel.

10. ☐ As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.
11. ☒ As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.
12. ☐ As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claim Nos. :
13. ☐ No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claim Nos. :
